- B.** Participants in approved ASHA Events are responsible for showing the original or photocopies of Membership Cards and Horse Competition Licenses at each ASHA approved event.
- C.** Exhibitors are responsible for completing Entry and Registration Forms legibly and accurately with information exactly as printed on membership cards and horse competition licenses.
- D.** Exhibitors are to be considerate of other exhibitors, judges and show management.

EV- 010 RELEASE OF LIABILITY

- A.** ASHA and co-sponsoring organization, if any, will not be responsible for any accident that may occur to, or be caused by any horse participating in an ASHA approved event, or for any article of any kind or nature that may be lost or destroyed or in any way damaged. The ASHA will not be responsible for any financial arrangements not completed between event management, exhibitors, owners, or judges. However, these situations should be reported in their entirety to the ASHA for possible disciplinary action.
- B.** Each event should obtain blanket liability insurance to cover suits, claims or judgments for bodily injury or property damage sustained by spectators, participants, or others arising out of the use of the show grounds or operation necessary or incidental to the event.

EV – 015 ASHA EVENT APPROVAL REQUIREMENTS

ASHA Event approval is a privilege, not a right, granted or rejected at ASHA discretion on an annual basis according to continuous evaluation of the applicant, including, but not limited to competence of event management, enforcement of ASHA rules; quality of event; and service to ASHA Members.

All approved classes must be open to any ASHA member meeting eligibility requirements. All events approved by ASHA shall have ASHA as the only mandatory membership required to participate. Other fees for participation in other organizations or special series may be offered, but not mandatory. All events approved by the ASHA shall be named, advertised, listed and otherwise referred to as a Stock Horse Versatility Event and must state "ASHA Approved".

The rules and requirements set forth in the ASHA Official Handbook shall be used at all approved events including any non-ASHA point classes offered at that event, unless otherwise approved by the Executive Director of the ASHA. Failure to follow the ASHA rule book in conducting events may result in future approval of events being denied and/or possible disciplinary action. The Executive Committee will decide such cases.

Approval does not carry over from year to year and must be obtained for each individual event. The ASHA reserves the right to approve only the number of events per calendar year it deems appropriate for the same organization, management or area.

Organizations or individual members wishing to stage or sponsor ASHA Regular Events (clinic & competition) or Special Events (instructional shows, awareness clinics, team tournaments, collegiate events, etc.) must obtain approval for their event from ASHA. ASHA, in turn, will publicize the event prior to and after the event and the participation and results will be available for individual members and their horses and results and points will be available for a database search of past points and awards earned by horses, members and horse-rider combinations.

EV – 020 ASHA EVENT APPLICATION REQUIREMENTS

Applicants desiring to hold an ASHA-approved event must obtain prior ASHA approval on an application form available from ASHA, if applicant desires the event to have ASHA

sanction and publicity and, if show results are to be recorded by ASHA and points awarded to the horses and riders participating. In case of double judged shows or two separate shows held on consecutive days, two ASHA Event Applications must be submitted with appropriate fees. Separate ASHA Event Reports and fees are to be submitted to ASHA from each event within 14 days.

A. Application: To obtain approval, an ASHA Event Application Form must be obtained from the ASHA office and must be correctly and entirely completed. Application fees are non-refundable and must accompany the initial application. The fees are \$25 application fee for a Special Event (Team Tournaments, Exhibition Events, Awareness Clinics, Collegiate Events, One Division Events, Etc.) and \$25 for a Clinic and Competition.

B. Postmark Date: Event application form(s) must be postmarked at least ninety (90) days prior to the first date of the proposed event and must be accompanied by a non-refundable fee as per competition application. All ASHA approved event dates will be posted on the ASHA website and publication calendar of events.

C. Event Date and Location Approval. Event applications are approved based upon the date of the week. An ASHA approved event having been held the previous year is considered an established event and has priority to reserve identical days for the current year until terminated by ASHA. Priority dates are a privilege not a right, and therefore cannot be sold or transferred from one sponsoring body or management to another. In the event the previous sponsor does not obtain approval for the event date, then a regional or state association has first priority on the date. An event not approved or held the prior year is considered a new event. Additionally, an event which changes sponsoring body (the individual, organization or association financially responsible for holding the event) or the event name or changes location more than 250 miles is considered a new event without priority for days. Violations of this rule could result in disciplinary action.

D. Cancellation of Event Dates: Sponsors of events who cancel their dates must notify the ASHA IMMEDIATELY so the dates can be made available to another sponsor

E. Time and Mileage between Event Dates: Two events may not be approved on the same date if they are located within 250 miles of each other. The last sponsor of any individual show has the right to sponsor the show in the following year, provided their application is received. It is recommended that ASHA events not be held in the same 250 mile radius within two weeks of each other.

F. Time and Mileage Waiver: If all affected event managements agree to waive the time and mileage rule, then, approval may be granted.

G. Failure To Pay Services: The sponsor or sponsors of any ASHA approved event which fails to pay for any services rendered by a third party (i.e. judges fees, cattle fees, facilities or to pay premium money to exhibitors, etc.) in connection with the holding of an approved event will be denied ASHA approval for future events until all fees are paid.

H. Affiliate or Series Circuit Approval: For an affiliate or series circuit of ASHA Events to be approved, the Affiliate must complete an ASHA Circuit Application with completed ASHA Event Approvals and Fees attached for each individual ASHA Event listed on circuit application. (This circuit application will be useful for affiliates approving ASHA events for their local affiliate end-of-year points). For individual Event approval and circuit approval to be completed, the circuit application must be submitted 90 days before the first event scheduled on the circuit.

I. ASHA Event Approval Notification: Event officials will be notified by ASHA if their event is approved or what factor(s) need to be rectified so that the event may be approved. ASHA will provide management and secretarial guidelines and support as well as official show reporting requirements to the event sponsors upon Event approval.

Exhibitors may also show in the Open or Non-Pro divisions without losing their eligibility in the Limited Non-Pro division. There will be no jackpot in this division. Novice Division Eligibility and Restrictions–The Novice Division is reserved for individuals with limited riding and showing experience who wish to learn more about showing in ASHA at a beginners pace. horse gets no points.) This system will be used for any size class and may include more than one disqualification.

H. High Point ties for each competition and year end awards will be broken by awarding the high point award to the horse/rider with the highest placing in the working cow horse class. If this doesn't break the tie, the other classes will be used in the following order, reining, trail and pleasure.

G. Discrepancies – Discrepancies between ASHA approved events and programs, divisions and classes actually offered and conducted at the event shall be presented to the Executive Committee for judgment when properly submitted by participants or show management.

EV-065 POINTS

Points shall be awarded to qualifying horses entered and exhibited in ASHA approved competitions and events according to ASHA rules. Each class must be placed through the total horses actually judged in that class and points awarded to each horse that placed. Points will be awarded with the horse placing first receiving one point for every horse they placed above plus 1. Example: If 28 horses are in a class, the first place horse gets 28 points, the second place horse gets 27, etc. If a horse is disqualified (DQ) in a class, he receives no points and is listed at the bottom of the class sheet with a DQ noted. Disqualified horses count as entries in a class with a DQ or 0 noted in the points received and the horses placing above them receive points for the total number of horses shown in the class including the disqualified horses.

EV-70 ASHA SCORING SYSTEM

A. The ASHA Scoring System is designed to be positive and straight forward - always encouraging growth and improvement. The scoring system is a positive one rather than a negative one which leads to many disqualifications. These rules give a horse credit for what they accomplish rather than a disqualification with no score. Scores for each maneuver are scored 0-10. However, 0 is used only if an exhibitor leaves out part of a class or chooses to not attempt a maneuver, a portion of the score for this maneuver may be 0. All maneuvers of a class that are attempted should receive at least a 1. Judging Scale on all maneuvers and obstacles in all ASHA classes, where 1-10 is the scale, should be:

- 1-4 Major Faults
- 5-7 Average Quality
- 8-10 High Quality

B. No horse shall be disqualified except for illegal equipment, obvious lameness, inhumane treatment or misconduct from the rider.

C. In the case of a fall by a horse or rider, the run shall end when the rider or horse falls to the ground. A horse is considered fallen when all four feet are pointing in the same direction. A horse will be given credit for what he has done prior to the fall.

D. In the case of equipment failure that delays competition or becomes unsafe, the run is stopped and the horse is given credit prior to that point.

E. Using two hands on a curb bit or using more than one finger between split reins or any finger between romal reins will result in a two point run content deduction each time there is a violation. Continuous use of two hands on reins with curb bit is a major fault and should be reflected in the maneuver score.

F. Specific deductions are listed with each class.

G. POINT SYSTEM: **The judge must place each class in its entirety.** The judge should avoid ties, one-half points are permissible. Specific maneuvers will be designated by the judge to be tie breakers in a class. The tie breaker maneuvers will be made prior to the start of the class and so noted on score sheets for show secretary to use in breaking ties in the class. Every horse in the class is awarded one point for each horse they beat, plus one point. (Examples: In a ten horse class, the first place horse gets ten points and the tenth place horse gets one point. In a five horse class the winner gets five points and the last place horse gets one point.)

Disqualified horses will count as entries in the class, but will not receive points (A class with a disqualified horse: In a twenty one horse class where one horse is disqualified, the first place horse gets twenty one points, the twentieth place horse gets two points and the disqualified horse gets 0 points. The last point is not given because the disqualified

Stallions are prohibited in this division.

F. Green Horse Division Eligibility and Restrictions – Horses competing in the green horse division must possess an ASHA Horse Competition License. Any rider possessing a current ASHA membership may show a horse in this division. There will be no jackpot in this division. Horses in this division will show in the same patterns as the Open and Non-Pro with the exception of the working cow horse class which will be the Modified Working Cow Horse pattern. (See ASHA LTD Non-Pro and Green Horse Working Cow Horse rules for specifics on rules for this division.)

A horse is eligible to be shown in this division if the following criteria are met:

1. Be five years of age and younger as of January 1 of current year.
2. Has never won a Champion or Reserve Champion All-Around in any ASHA approved division.
3. If a horse loses their green horse eligibility through competition, they may finish that year as a green horse. In the future, that horse is eligible only for other divisions.
4. A green horse may be shown by a rider from any division.

G. Division Eligibility Exceptions The ASHA shall have a classification committee from the ASHA Board of Directors. A member may petition, in writing, the ASHA Classification committee for a change in division eligibility due to extenuating circumstances. The written petition will be reviewed and the member notified of the ruling. In addition, the committee may reclassify a member for a division. **Petition will be reviewed at the end of the calendar year.**

H. Eligibility Violations Non-Pro, Novice, Youth, and Green Horse Eligibility may be revoked at any time for violations of any ASHA rule or regulation. A person revoked from these special division statuses must relinquish their membership card and return it to the ASHA upon notice.

1. A copy of Horse breed registration papers attached for registered horses.
2. A copy of veterinarian statement verifying age and description of horse with appropriate markings and brands for unregistered horses attached. (An E.I.A. (Coggins) laboratory test results properly executed to include age will be sufficient for nonregistered horses.) A digital photo I.D. on Coggins test papers is preferred.
3. Payment of licensing fees.
4. Without identification papers listed above, an additional \$10 will be charged.

B. No horse may be shown in the green horse division without an ASHA competition license as proof of age and eligibility for green horse division.

C. A horse may be shown in any division by eligible riders excepting only horses that meet green horse division eligibility may be shown in that division.

D. A horse may not be shown in any class more than once.

EV-045 CLASSIFICATION AND TYPES OF SHOWS

Class A Competitions 130 - 200 or more horse/rider combinations

Class B Competitions 75 - 130 horse/rider combinations

Class C Competitions 30 - 75 horse/rider combinations

Class D Competitions 30 or less horse/rider combinations

B. Single Judged Shows: A single judged show is limited to one judge in one arena or area at any given time and held on one or more days. Scores from one judge in each event are tabulated, places broken by pre-determined judge's tie-breakers, and exhibitors ranked and pointed. Points from each class are added to determine the all-around division winners.

C. Doubled Judged Shows - Double judged shows have two judges in one arena or area at one time, judging independently of each other.

For two independent show results: each independent judge's score sheets in each class will be turned into show secretary and tabulated separately for pointed rankings, which will be determined according to the number of entries in a class. Scores from each judge in a class are tabulated, places broken by the judge's pre-determined tie-breakers, and exhibitors ranked and pointed under each judge. Each judge's scores, class placings and points will be posted separately. Judges for Show A and Show B for each class should be determined before the show and points kept for two complete shows - keeping all of Show A Judges scores together and all of Show B Judges scores together can result in two different and complete shows results being determined.

For one combined show result: When using two judges to determine one set of winners, the classes will first be placed under each judge and complete class scores showing class placing and points awarded for placings will be posted. One judge shall be designated as the tie breaker judge before judging begins. The final class placings and winners will have the placing or ranking points from each judge added together with the tie breaker judge's placing points breaking ties and class winners being named. Exhibitors competing in all four classes shall have their points from the final class placing points which were determined by both judges entered into one All-Around tabulation. All around winners will not be selected for each judge, but all around winners will be selected on the basis of the one set of points from the final class ranking being entered into one All-Around tabulation. Pay out monies will be paid based on the final placings based on combined judge's scores. Ties will be broken first by the working cow horse class, then by reining, trail and pleasure.
